Who do you want to
be this year?

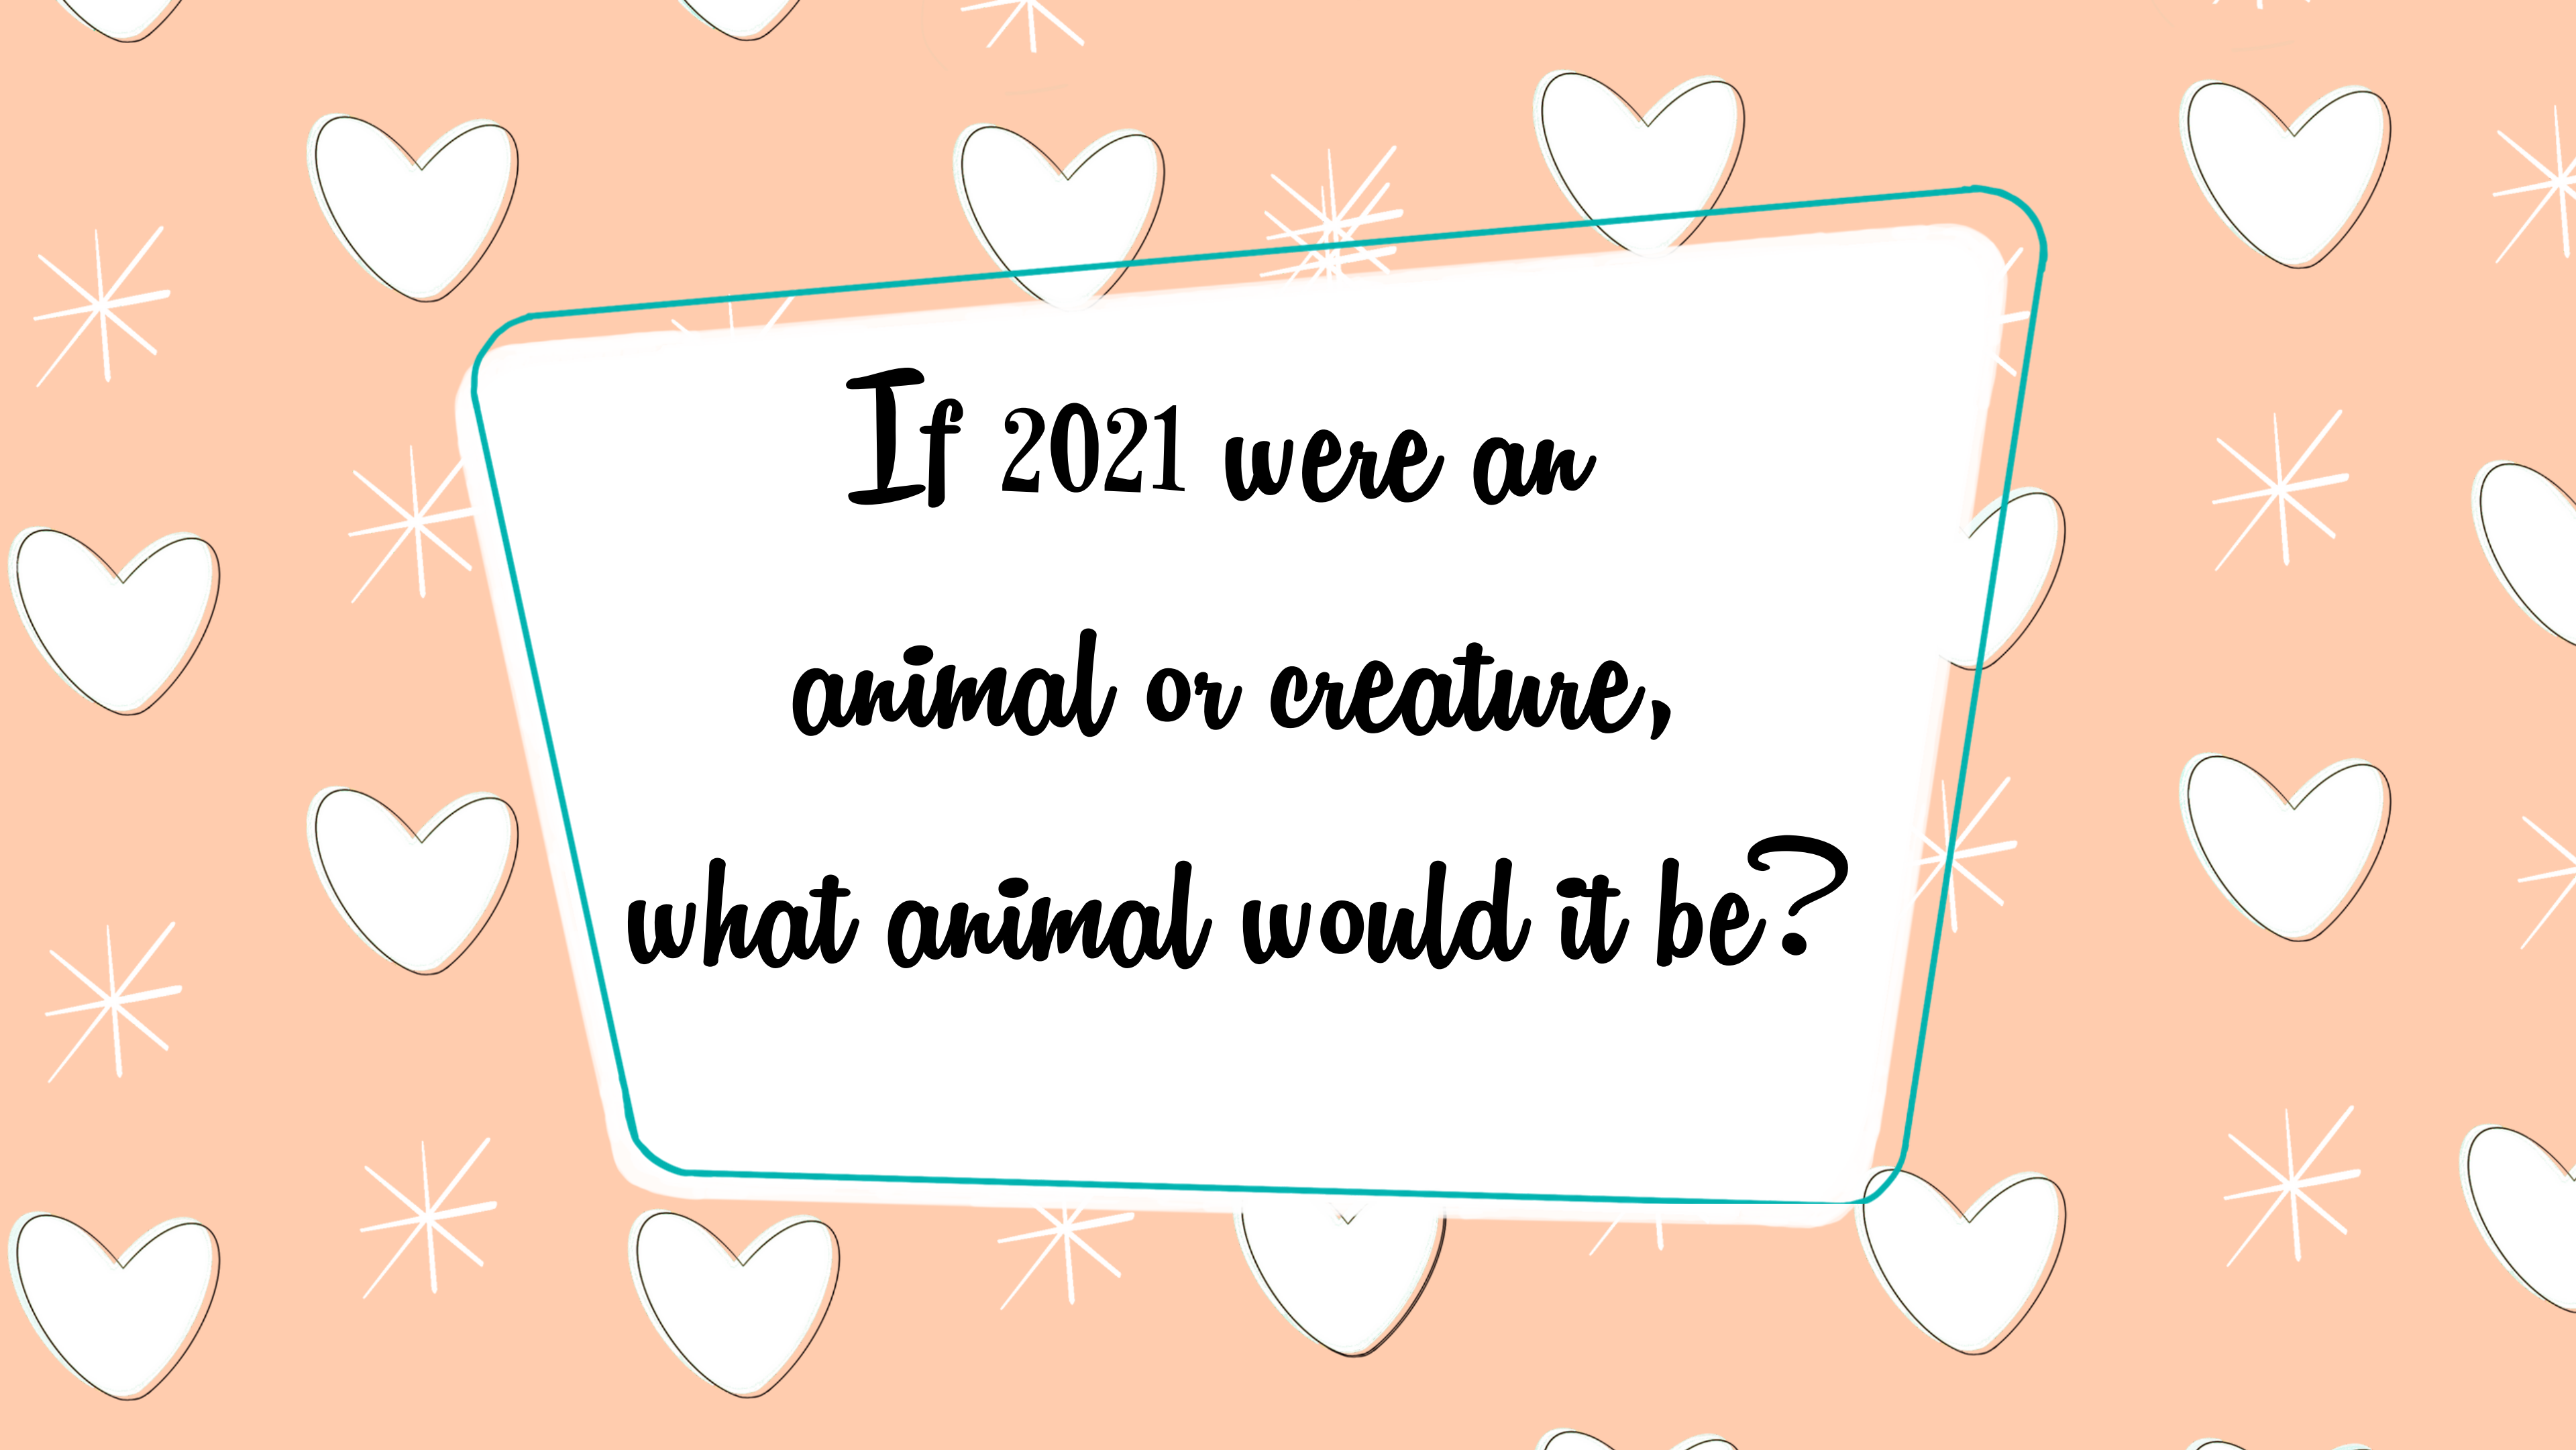

How do you
want to feel?

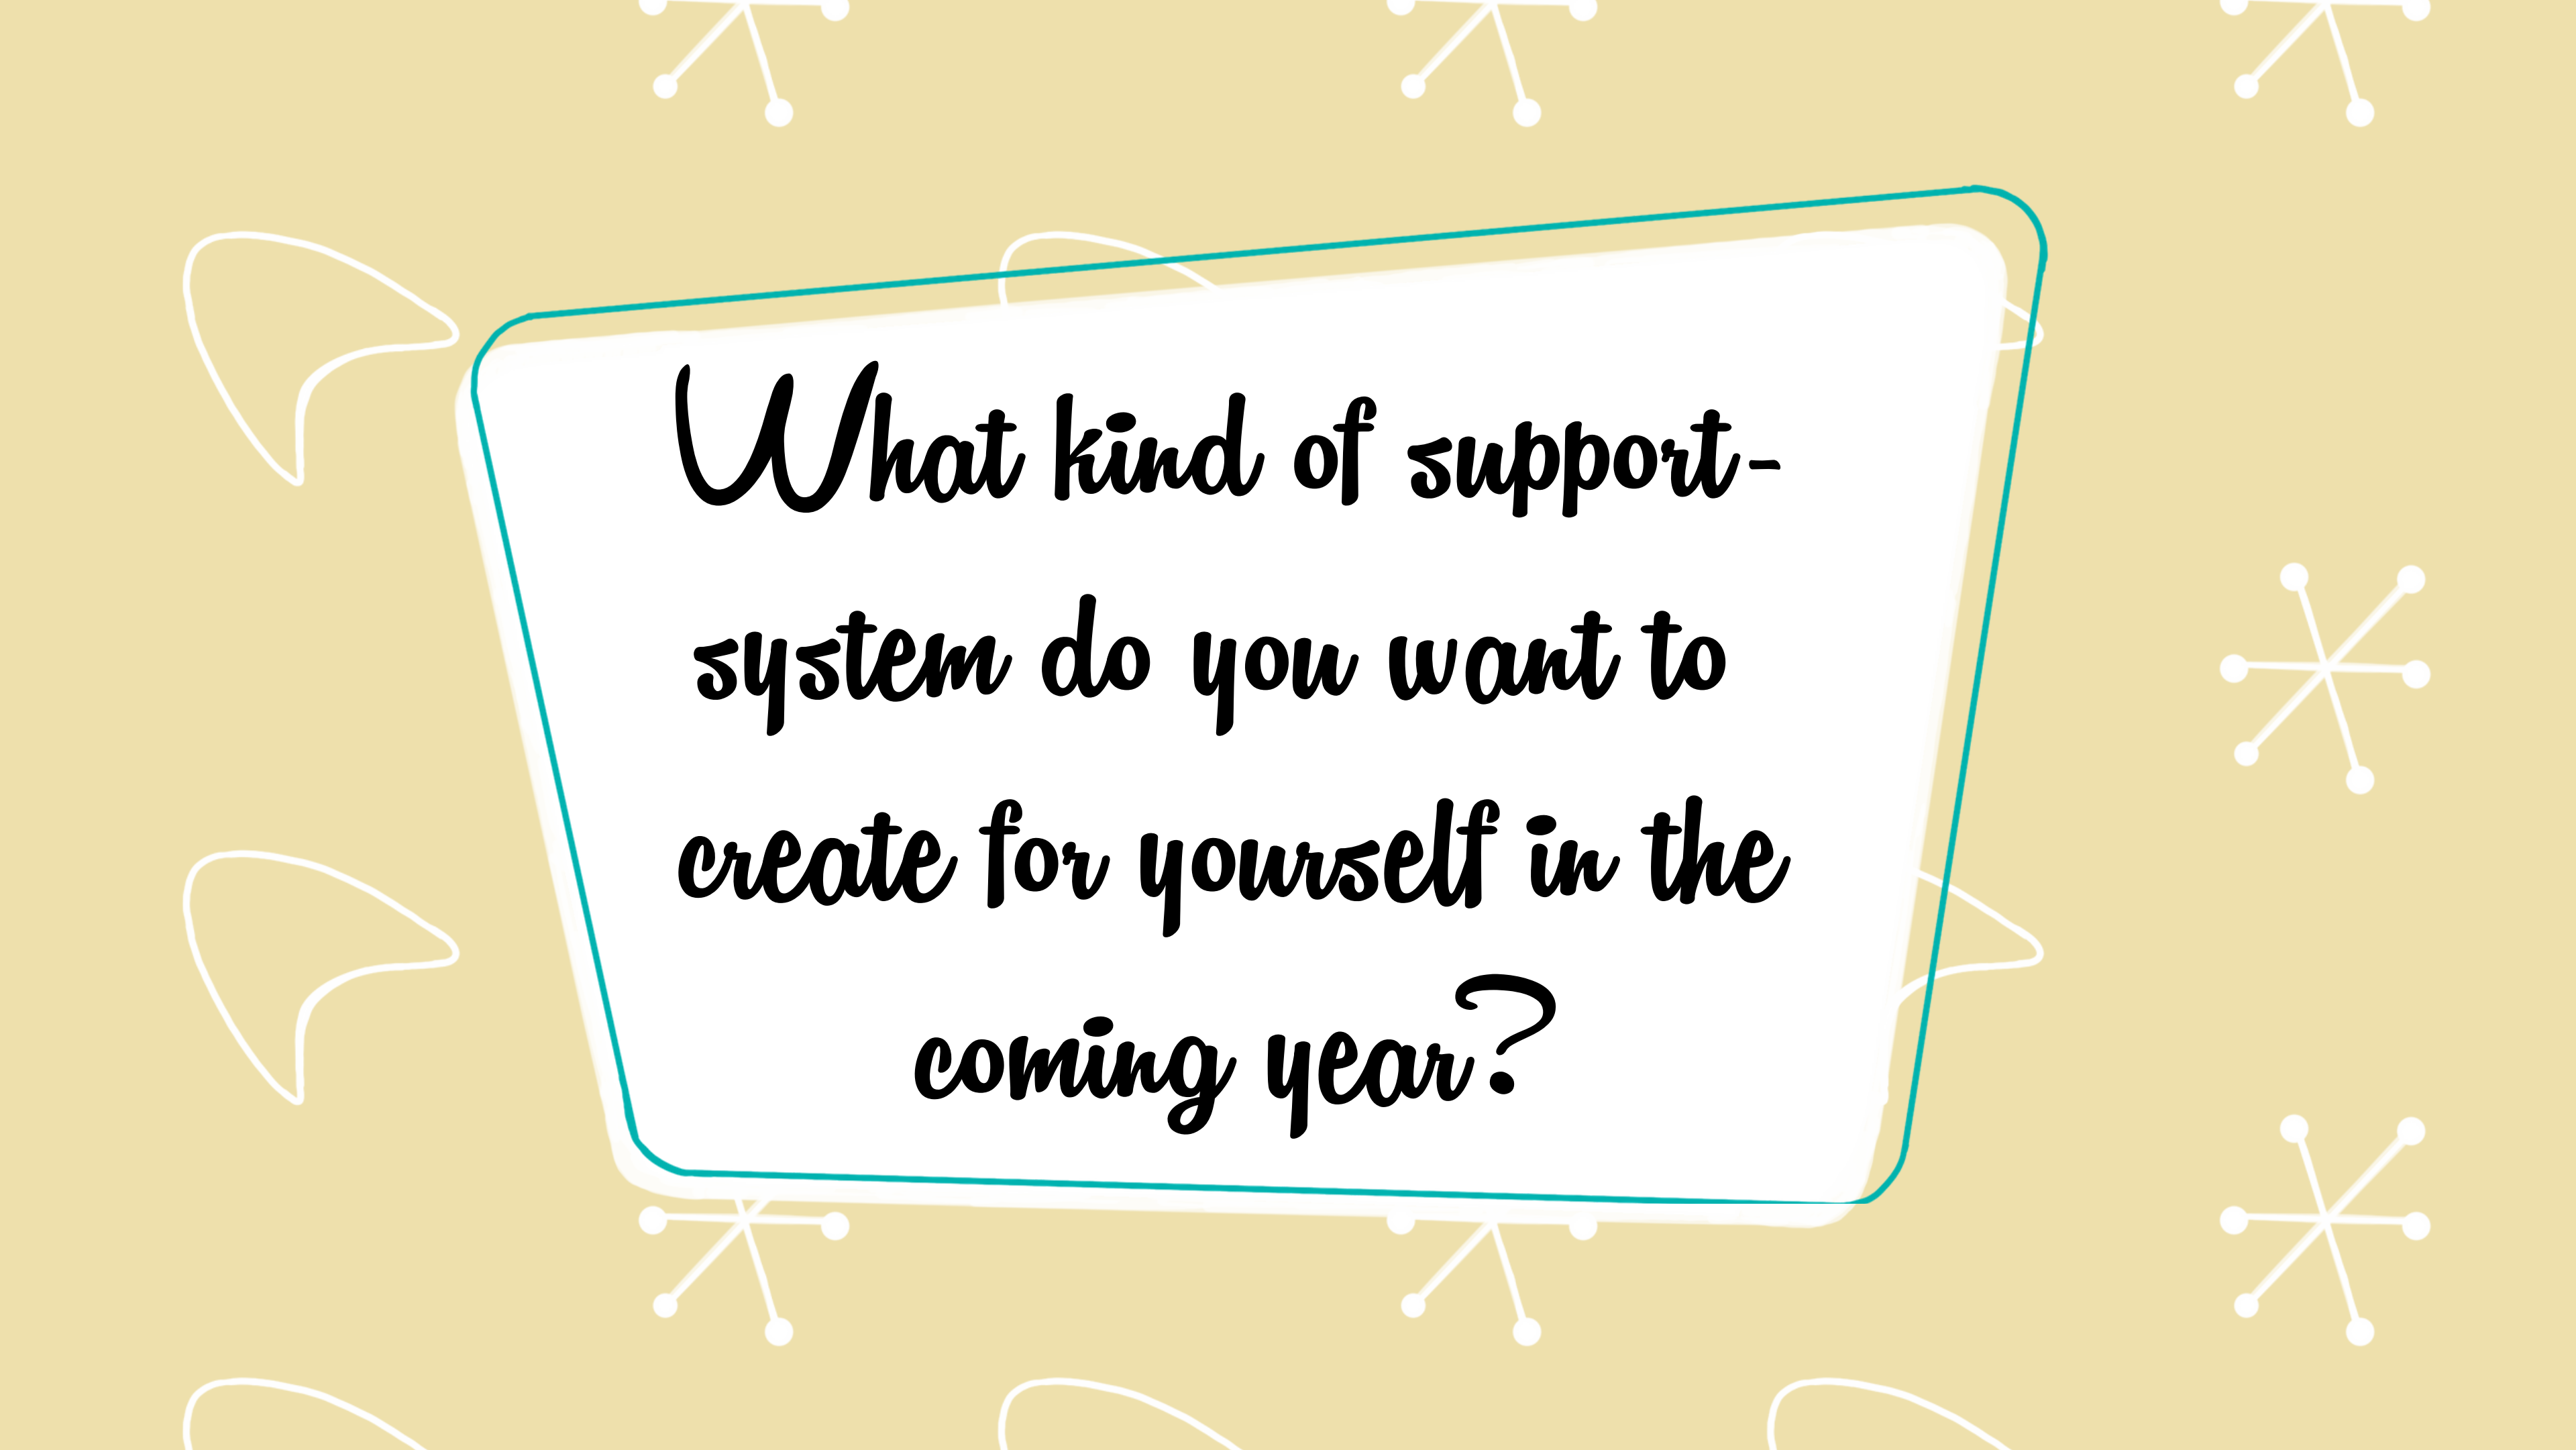

*If you could give only one
gift to the world this year,
what would it be?*

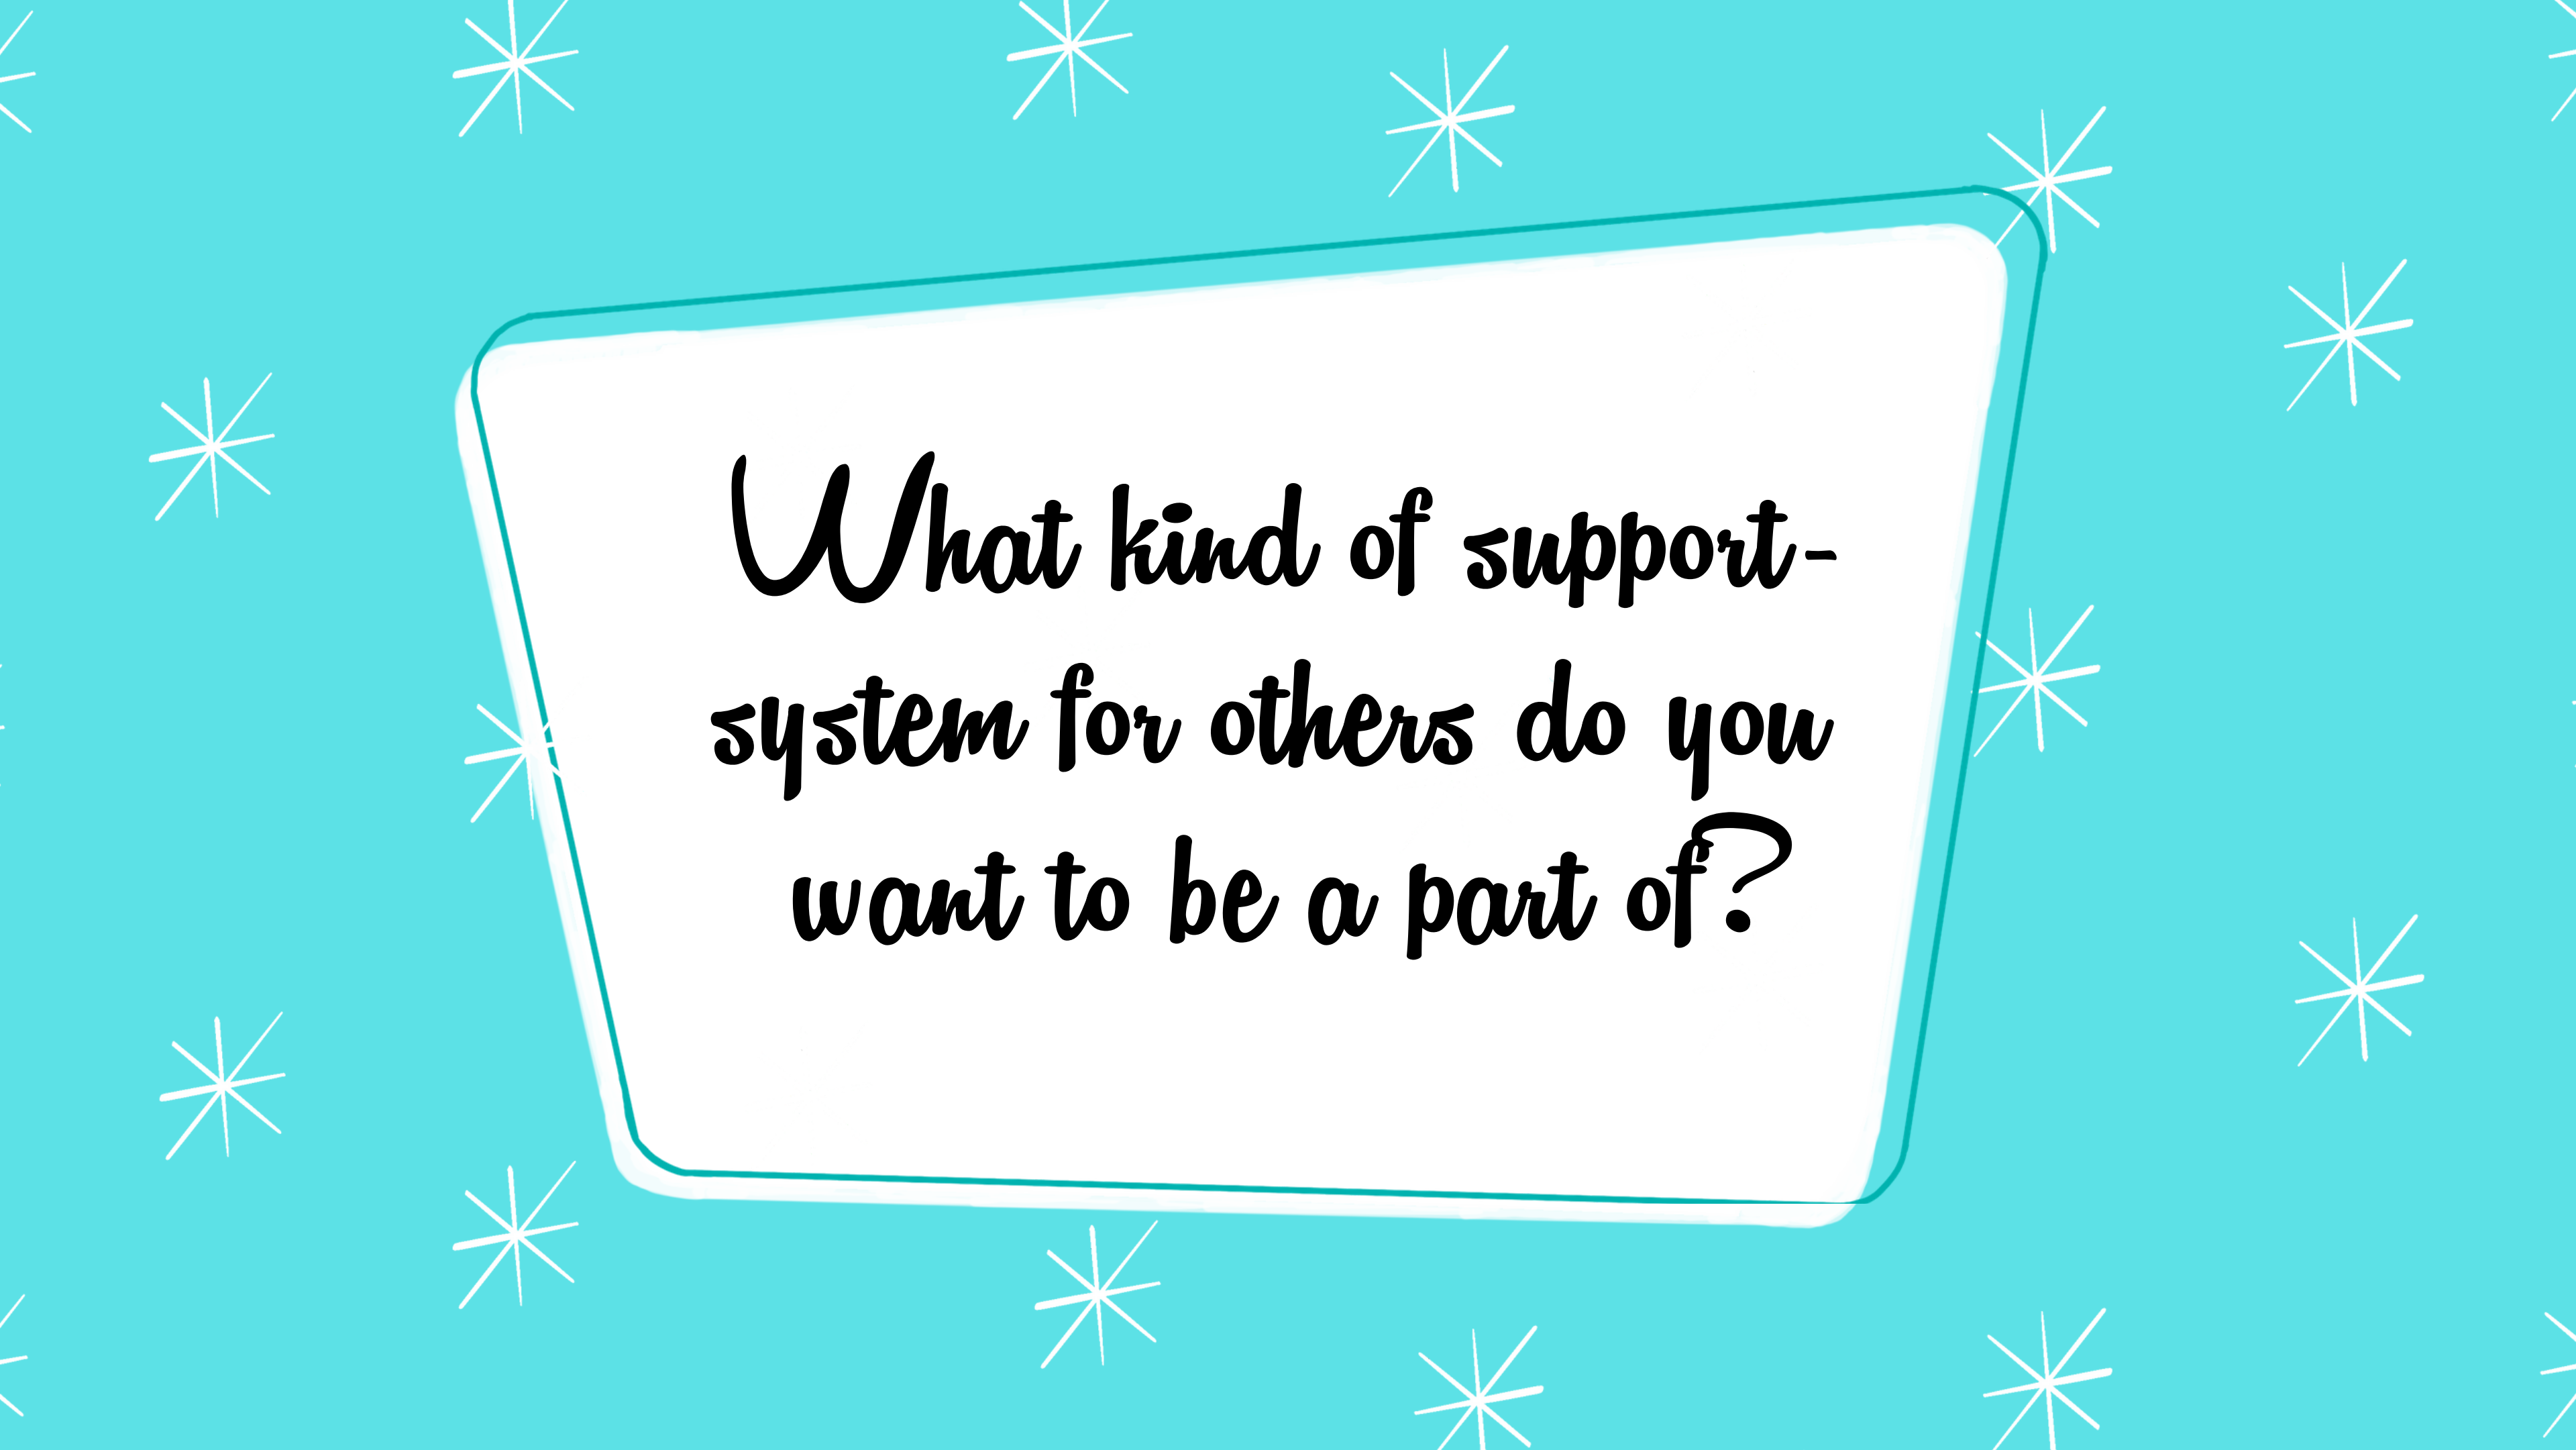

*If the new year were
a color or pattern of colors,
what color would it be?*

*If 2021 were an
animal or creature,
what animal would it be?*

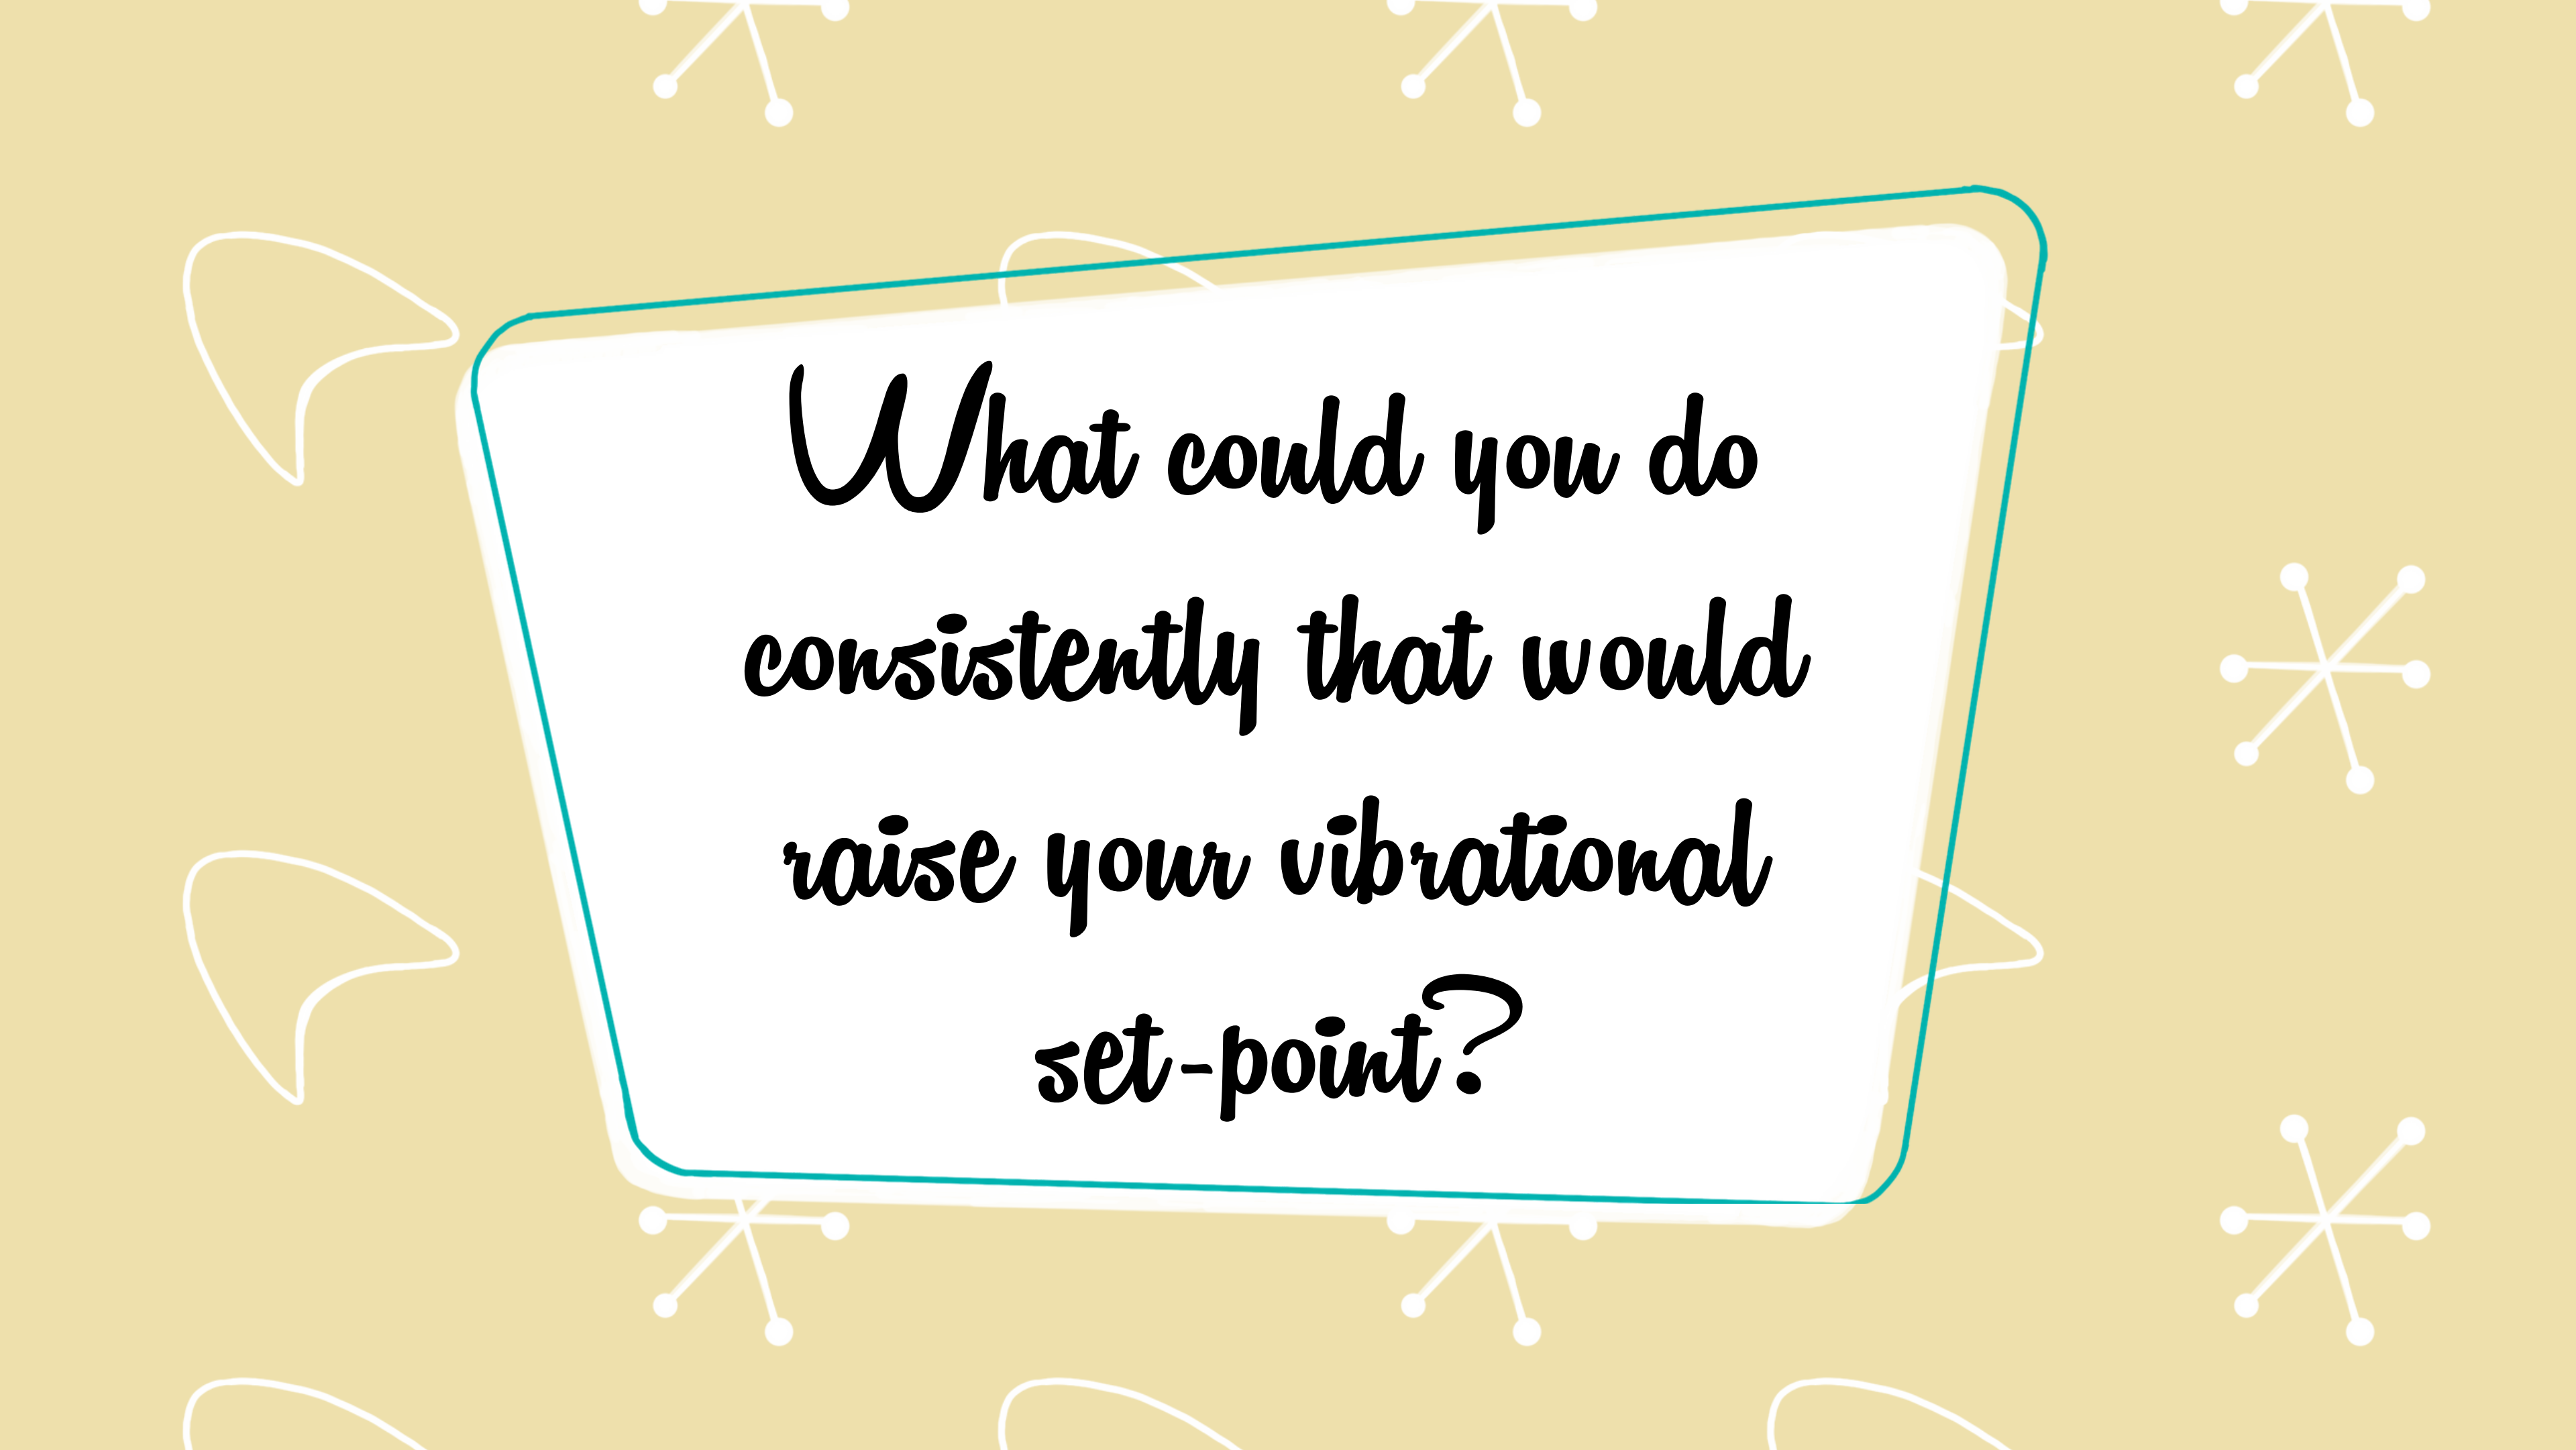

*What kind of support-
system do you want to
create for yourself in the
coming year?*

*What kind of support-
system for others do you
want to be a part of?*

*Where do you choose
to put your focus in the
new year?*

*What could you do
consistently that would
raise your vibrational
set-point?*
